With the new gag order (no press releases, no social media posts, no talking to reporters, no presentations and no webinars from EPA, HHS and USDA without new administration approval), will the East Chicago open house likely get cancelled, again?!

I think we should print and bring them with since folks that do not live in Zones 1-3 may come because of the news articles.

We have address labels, so if we have a final FAQ we can mail it out to residents in advance of the meeting. If we don't have a final version until later in the week, we will skip the mailing and just bring copies to the meeting.

If they are not final, we can grab stuff from our EC website on the DW pilot.

I have not yet heard whether the Drinking Water FAQs are final.
